SMART BIN SOLUTIONS

CCA - Access control device

Access control devices are electromechanical locking systems able to identify users.

- A new generation of electronics
- Low energy consumption
- Remote configuration
- ISO/IEC 27001:2013 Certificate for information security
- GPRS data transmission

COMPONENTS

- Electronic unit
- Locking device
- Battery

OPTIONS

- Ultrasonic Level control device
- Solar panel

Opening mode:

- *ISOCARD RF-ID: 125 kHz o 13,56 MHz*
- *Mobile App Grin-Up —*
only available with Green Manager software

RFID
card

GrinUp

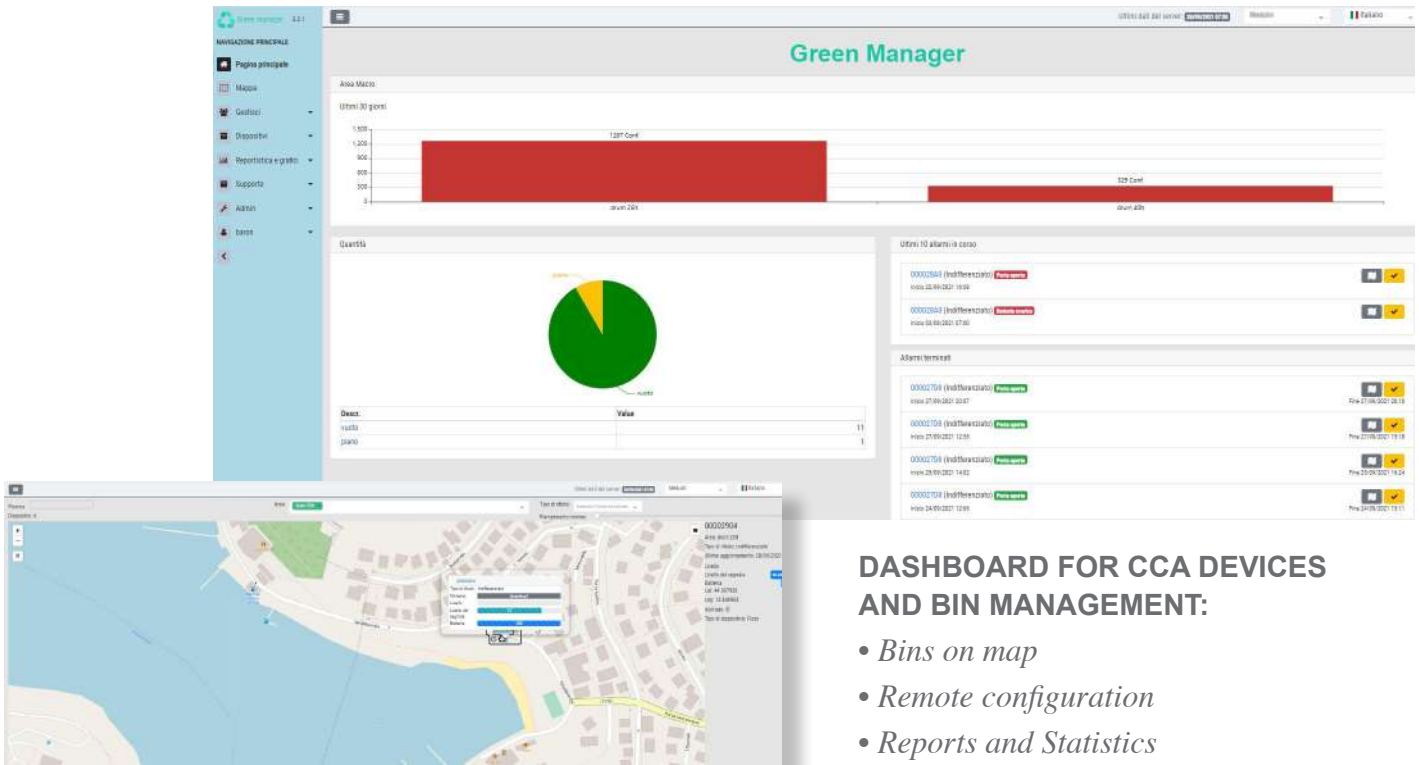

CCR - Volumetric Drum

CCR drums are electronic locking devices with defined volume able to identify users.

AVAILABLE SIZE: 20/25/40L

GREEN MANAGER Management Software

DASHBOARD FOR CCA DEVICES AND BIN MANAGEMENT:

- Bins on map
- Remote configuration
- Reports and Statistics
- Alerts
- User card management
- GrinUp customized content management through CMS
